

STANDARDIZATION IN DIGITAL CREDENTIALS FOR EDUCATION WORKSHOP

September 21st, 2pm – 5pm (CEST)

Hosted by ECCA & University of Porto

Workshop Overview

This hybrid workshop will be hosted by the University of Porto. As part of the Digital Credentials for Europe Project (DC4EU), it will cover aspects ranging from understanding the work being currently done in the European Student Card Initiative (ESCI), and other projects and initiatives at both European and global level, to delving into the related standards on digital credentials and their implications in the education ecosystem.
